UNITED STATES OF AMERICA	§	
OUTER CONTINENTAL SHELF	§	
GULF OF AMERICA	§	**KNOW ALL MEN BY THESE**
AND	§	**PRESENTS**
STATE OF LOUISIANA	§	
PLAQUEMINES PARISH	§	

This Term Assignment of Overriding Royalty Interest (this "**Assignment**") from Arena Energy, LLC, a Delaware limited liability company and Arena Exploration LLC, a Delaware limited liability company (collectively, "**Grantor**"), to Elkhorn Offshore, LLC, a Delaware limited liability company ("**Grantee**", and, together with Grantor, collectively, the "**Parties**"), each having an address at 2103 Research Forest Drive, Suite 400, The Woodlands, Texas 77380, is dated as of November 9, 2026 (the "**Execution Date**"), but effective as of July 1, 2027 (the "**Effective Date**").

RECITALS

WHEREAS, as of the Execution Date, Grantor is an affiliate of Grantee;

WHEREAS, Grantor owns certain undivided interests in and to the oil, gas, and mineral leases and units located in the Gulf of America and set forth in **Schedule A** (the "**Assets**");

WHEREAS, Grantee and the U.S. Department of Energy ("**DOE**") have entered into that certain Loan Guarantee Agreement dated as of the Execution Date (the "**LGA**"), which, among other things, provides certain benefits to Grantee (and indirectly to Grantee's affiliates) in exchange for Grantee's repayment of amounts owing thereunder from the proceeds of this Assignment; and

WHEREAS, subject to the foregoing and terms herein, Grantor has agreed to convey to Grantee, and Grantee has agreed to accept from Grantor, an assignment of overriding royalty in the hydrocarbons produced from the Assets.

ASSIGNMENT

NOW THEREFORE, Grantor, for and in consideration of the foregoing, the mutual promises and agreements herein, and other good and valuable consideration, in hand paid, the receipt and sufficiency of which are hereby acknowledged, hereby GRANTS, BARGAINS, ASSIGNS, AND CONVEYS and by these presents has GRANTED, BARGAINED, SOLD, ASSIGNED AND CONVEYED unto Grantee, and its permitted successors and assigns, an overriding royalty interest of the Specified Percentage (as defined herein) of Grantor's Net Revenue Interest (as defined herein) in and to the hydrocarbons produced, saved, removed, or sold from the Assets beginning on the Effective Date (the "**Overriding Royalty**"), *subject, however*, to the following terms and conditions:

1. The "**Specified Percentage**" means (a) from and after July 1, 2027, until September 30, 2028, two and one-half percent (2.5%), and (b) from and after October 1, 2028, until the Release Date (as defined in the LGA), ten percent (10%); *provided however*, if Grantee has failed to satisfy each condition precedent set forth in Sections 5.03 (*Conditions Precedent to First Advance Date of Each Tranche*) and 5.04 (*Conditions Precedent to Each Advance*) of the

LGA with respect to the First Advance (as defined in the LGA) under Tranche 2 (as defined in the LGA) on or prior to July 1, 2027, as determined by DOE and/or FFB (as defined in the LGA) in their sole discretion, then clauses 1(a) and 1(b) shall not be applicable and, instead, from July 1, 2027, until the Release Date (as defined in the LGA), the Specified Percentage shall mean ten percent (10%).

2. Grantor shall pay the Overriding Royalty to Grantee in cash, and not in kind, based on the value of the oil, gas, casinghead gas, condensate, distillate, natural gas liquids, gaseous substances and other hydrocarbons produced, saved, and marketed from the Assets, subject to the terms and provisions of the leases and units composing the Assets. Grantor shall pay the Overriding Royalty to Grantee no later than the last day of the calendar month that is two production months after the production month in which such hydrocarbons were produced. Grantor shall pay the Overriding Royalty only into the following account of Grantee: DOE Elkhorn Offshore LLC Revenue Account (pursuant to the wire instructions that have been previously provided to Grantor for such account prior to the date hereof).

3. The Overriding Royalty is a non-operating, non-expense-bearing overriding royalty interest, free of the cost, risk, and expense of drilling for, and producing, the hydrocarbons; *provided, however*, that Grantor may deduct a proportionate share of arm's-length (or, if not arm's length, on terms substantially similar in all respects to arm's length) post-production costs from the proceeds of the hydrocarbon sales attributable to the Overriding Royalty to the extent, and only to the extent, such costs may be deducted in the calculation of the lessor's royalties under the terms of the leases or units composing the Assets, or any regulations applicable thereto, without giving effect to any royalty relief, reduction or suspension under the Deep Water Royalty Relief Act or any other statute providing for royalty relief, reduction or suspension, whether presently or hereafter enacted or made applicable to the Assets. The "**Deep Water Royalty Relief Act**" means Title III of the Outer Continental Shelf Deep Water Royalty Relief Act, Pub. L. No. 104-58, 109 Stat. 564 (1995), codified as an amendment to Section 8(a)(3) of the Outer Continental Shelf Lands Act, 43 U.S.C. § 1337(a)(3), together with the regulations promulgated thereunder (including 30 C.F.R. Part 203), in each case, as amended, extended or superseded from time to time.

4. Grantor shall be responsible for, and bear and pay as and when due, any ad valorem, production, severance, or other taxes, duties, or fees that apply to the Overriding Royalty and are payable to any governmental authority; *provided, however*, that Grantor may deduct such taxes, duties, or fees from the Overriding Royalty.

5. Except as otherwise expressly set forth in Sections 3 and 4, Grantee shall never be liable for or responsible in any way for the payment of (a) royalties or lessor's royalties; (b) any costs, expenses, or liabilities of exploring, drilling, equipping, testing, operating, developing, maintaining, plugging, or abandoning the Assets or any well, pipeline, or facility thereon or (c) any costs, expenses, or liabilities of producing, dehydrating, compressing, treating, or marketing the hydrocarbons to the first purchaser, all of which costs, expenses, and liabilities shall be borne and paid for by Grantor.

6. This Assignment, and each Party's obligations arising hereunder, shall commence on the Effective Date and shall automatically terminate on the Release Date (as defined in the LGA), and upon request by Grantor at any time on or after the Release Date, Grantee shall

execute and deliver such instruments (in recordable form) as may be necessary to evidence the termination of this Assignment.

7. The "**Net Revenue Interest**" means, with respect to any lease that constitutes part of the Assets, Grantor's interest in and to all hydrocarbons produced, saved and sold therefrom or, to the extent pooled or unitized, allocated thereto, after the satisfaction of all lessor royalties, overriding royalties, and other such lease burdens in place as of the Execution Date; *provided, however*, in no event shall Grantor's Net Revenue Interest be less than the net revenue interest for each lease set forth in **Schedule A**.

8. Grantor, at its option, shall have the right and power to pool, unitize or combine acreage covered by the Assets, or any portion thereof, as to oil, gas or either of them, with any other lands, leases, or assets, when in Grantor's reasonable discretion, it determines it is necessary or advisable to do so in order to properly explore for, or develop or produce, the hydrocarbons. Grantor may exercise such rights with written notice to Grantee. Subject to the foregoing sentence, such rights may be exercised multiple times, with any such pools or units thereby created, enlarged, reduced, dissolved, reformed, or otherwise amended. For purposes of computing the Overriding Royalty conveyed hereby, in the event that the acreage covered by any lease that constitutes part of the Assets, or any portion thereof, is included in such pool or unit, the Specified Percentage shall be multiplied by that portion of the hydrocarbon production from the pool or unit that is allocated to the applicable lease(s).

9. The Assets subject to this Assignment are, or may become subject to certain joint operating agreements, unitization agreements, unit operating agreements, and other such agreements for the development of such Assets. Grantor shall have the power, at its reasonable discretion, to commit the Assets and leases or units associated therewith to similar agreements or amend, terminate, or otherwise modify any such agreement. Grantor shall be under no obligation to maintain the Assets in force and effect by the payment of rentals, the drilling of wells, the conduction of operations, or otherwise and Grantor shall have the full right to execute a relinquishment of any lease.

10. Notwithstanding anything to the contrary herein, the Overriding Royalty shall burden the Assets, and any extensions, renewals, ratifications, amendments, replacements, top leases, or reinstatements thereof, whether created voluntarily or involuntarily.

11. Under no circumstances shall Grantee be liable to Grantor for loss of profit, loss of reserves, loss of reservoir, business interruption, punitive damages, or consequential or indirect damages of whatever nature relating to or in any way connected with this Assignment. Under no circumstances shall Grantor be liable to Grantee for punitive, consequential or indirect damages of whatever nature relating to or in any way connected with this Assignment; provided, however, that the value of the Overriding Royalty and the obligation to pay the Overriding Royalty pursuant to and consistent with the terms set forth herein shall, for all purposes, not be waived or limited by the terms of this Section 11, and any damages resulting from the failure to pay the Overriding Royalty pursuant to and consistent with the terms set forth herein shall be considered direct damages for all purposes of this Assignment.

12. This Assignment shall bind and inure to the benefit of the Parties and their

respective permitted successors and assigns. Grantor may not assign its rights or obligations under this Assignment.

13. THIS CONVEYANCE AND ANY CLAIM OR DISPUTE ARISING HEREUNDER AND THE RIGHTS, DUTIES AND LEGAL RELATIONS AMONG THE PARTIES HERETO SHALL BE GOVERNED AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS; PROVIDED, HOWEVER, NOTWITHSTANDING ANYTHING TO THE CONTRARY SET FORTH IN THE FOREGOING, IN CONNECTION WITH DETERMINING ANY CLAIM OR DISPUTE REGARDING THE VALIDITY OR INTERPRETATION OF, OR OBLIGATION WITH RESPECT TO, ANY LEASE SET FORTH ON SCHEDULE A OR THE REAL PROPERTY RIGHTS CREATED THEREBY (INCLUDING THE CONVEYANCE OF THE OVERRIDING ROYALTY THEREFROM), SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE (EITHER LOUISIANA OR TEXAS) THAT IS DEEMED TO BE THE "ADJACENT STATE" (AS REFERENCED IN §1333(a)(2)(A) OF THE OUTER CONTINENTAL SHELF LANDS ACT, 43 U.S.C. 1331 et seq.) TO THE GULF OF MEXICO, OUTER CONTINENTAL SHELF LEASE BLOCK, OR PORTION THEREOF, THAT IS COVERED BY SUCH LEASE.

14. This Assignment may be executed in any number of counterparts, and by different Parties in separate counterparts, and each counterpart shall be deemed to be an original instrument, but all such counterparts shall constitute but one instrument.

15. Notwithstanding anything to the contrary set forth in this Assignment, Grantor acknowledges and agrees that DOE is designated as an intended third-party beneficiary of the rights and benefits assigned to Grantee pursuant to the terms of this Assignment.

16. The parties acknowledge and agree that the Overriding Royalty conveyed herein meets the requirements of a production payment set forth in the United States Bankruptcy Code, Title 11, Section 541 (b)(4)(B) and the definition of a "production payment" set forth in the United States Bankruptcy Code, Title 11, Section 101 (42A). The parties further acknowledge and agree that the Overriding Royalty conveyed herein is a real right, a mineral right, and an incorporeal immovable, which has been carved out of the underlying mineral leases.
