Memorandum of Dedication and Transportation Services Agreement

This Memorandum of Dedication and Transportation Services Agreement (this “**Memorandum**”) is made and entered into effective February 14, 2024 (“**Effective Date**”) by and between **Crescent Midstream, LLC** (“**Carrier**”), a Delaware limited liability company with a mailing address of 609 Main, Suite 3350, Houston, Texas 77002, and **Natural Resources Worldwide LLC** (“**Producer**”), a Delaware limited liability company with a mailing address of 4514 Cole Avenue, Suite 1175, Dallas, Texas 75205. Carrier and Producer are each sometimes hereinafter referred to individually as a “**Party**” and together as the “**Parties**”.

1. Contemporary with the execution and delivery of this Memorandum, the Parties have entered into a Dedication and Transportation Services Agreement dated effective as of the Effective Date (the “**Agreement**”).

2. The purpose of this Memorandum is to place third Persons on notice that, pursuant and subject to the Agreement, Producer (including any successor in interest resulting from any merger, reorganization, consolidation or as part of a sale or other direct or indirect disposition of all or any portion of such interests or by operation of law) commits and exclusively dedicates for transportation on the Pipeline System (and, with respect to Dedicated Water only, for disposal services on GIGS) from the applicable Origin(s) to the applicable Destination(s) under the Agreement, for the Term:

(a) all Interests (i) now owned or controlled or hereinafter acquired by Producer or any of its Affiliates in the Dedicated Area and/or (ii) with respect to which Producer or any of its Affiliates has the right to market or sell Crude Petroleum produced from or attributable to the Dedicated Area (and for which Producer or any of its Affiliates has exercised such right) and/or (iii) with respect to which Producer or any of its Affiliates has the right to deliver, market or sell Produced Water produced from or attributable to the Produced Water Area (and for which Producer or any of its Affiliates has exercised such right), in each case, which interest is a property interest, recognizing for the avoidance of doubt that the dedication shall terminate as to each Interest upon the permanent cessation, for any reason, of Crude Petroleum, as evidenced by regulatory filings made by Producer (or the operator of such Interest) and written notice thereof provided by Producer to Carrier (such Interests, the “**Dedicated Interests**”; and such dedication, the “**Interest Dedication**”);

(b) all right, title and interest owned or controlled by Producer or any of its Affiliates (or any successors or assigns of any of the Dedicated Interests) in and to any Crude Petroleum that is produced and saved from any well that is now existing or hereafter drilled in the Dedicated Area and/or is available at a Platform (all such right, title and interest, the “**Dedicated Crude**”; and such dedication, the “**Crude Petroleum Dedication**”); and

(c) all right, title and interest owned or controlled by Producer or any of its Affiliates (or any successors or assigns of any of the Dedicated Interests) in and to any Produced Water that is produced and saved from any well that is now existing or hereafter drilled in the Produced Water Area and/or is available at a Platform for the Produced Water Area (all such right, title and interest, the “**Dedicated Water**”; and such dedication, the “**Produced Water Dedication**”, and together with the Interest Dedication and the Crude Petroleum Dedication, the “**Dedications**”). For clarification, Produced Water and Dedicated Water do not include, and the Produced Water Dedication does not include the dedication of, any water produced outside the Produced Water Area.

1. Contemporary with the execution and delivery of this Memorandum, the Parties have entered into a Dedication and Transportation Services Agreement dated effective as of the Effective Date (the “**Agreement**”).

(a) all Interests (i) now owned or controlled or hereinafter acquired by Producer or any of its Affiliates in the Dedicated Area and/or (ii) with respect to which Producer or any of its Affiliates has the right to market or sell Crude Petroleum produced from or attributable to the Dedicated Area (and for which Producer or any of its Affiliates has exercised such right) and/or (iii) with respect to which Producer or any of its Affiliates has the right to deliver, market or sell Produced Water produced from or attributable to the Produced Water Area (and for which Producer or any of its Affiliates has exercised such right), in each case, which interest is a property interest, recognizing for the avoidance of doubt that the dedication shall terminate as to each Interest upon the permanent cessation, for any reason, of Crude Petroleum, as evidenced by regulatory filings made by Producer (or the operator of such Interest) and written notice thereof provided by Producer to Carrier (such Interests, the “**Dedicated Interests**”; and such dedication, the “**Interest Dedication**”);
