MEMORANDUM OF OPERATING AGREEMENT AND FINANCING STATEMENT

(LOUISIANA)

1.0 This Memorandum of Operating Agreement, Mortgage, Pledge, Security Agreement, and Financing Statement ("Memorandum") is effective as of May 20, 2023, and is entered into by the undersigned Parties (each of which is called "Party" and all of which are called "Parties").

2.0 The Parties have entered into that certain Operating Agreement identified in Attachment I hereto ("Operating Agreement") to explore, develop, and operate the lands and lease(s) described in Attachment I hereto (hereinafter called "Lands and Lease(s)") and to produce oil and gas (including condensate and liquefiable substances entrained in the gas stream) therefrom and have designated the Party identified in Attachment I as Operator to conduct such operations for itself and on behalf of the rest of Parties as Non-Operators, as set forth in Attachment 1. Reference is made hereby to the Operating Agreement for all purposes, and its terms and provisions are incorporated herein by this reference to the same extent as if the Operating Agreement was reproduced herein. Capitalized terms not otherwise defined herein shall have the same meaning as set forth in the Operating Agreement.

3.0 The Operating Agreement provides for certain liens, mortgages, pledges and security interests. The Operating Agreement contains an accounting procedure, along with other provisions, which provide for the payment of interest on past-due amounts and supplements the lien, mortgage, and security interest provisions, and also includes non-consent clauses which provide that Parties who elect not to participate in certain operations shall be deemed to have relinquished their interest in production until the carrying consenting Parties are able to recover their costs of such operation plus a specified amount and also includes preferential right and first right of refusal as provided in Article 24.2 of the Operating Agreement.. In some cases, a Non-Participating Party will be deemed to have relinquished all rights in some or all of the Lands and Leases, without the opportunity to recover. Should any person or entity desire additional information regarding the Operating Agreement or wish to inspect a copy of the Operating Agreement, that person or entity should contact the Operator.

4.0 The purpose of this Memorandum is to more fully describe the liens, mortgages, pledges and security interests provided for in the Operating Agreement, and to place third parties on notice thereof, and to restate, grant and convey the same to the extent required to perfect the same fully in accordance with applicable state law.

5.0 To secure payment and performance by each Party of all its current and future obligations, and payment of all amounts due under the Operating Agreement, including, but not limited to, payment by each Party of its share of costs, plus attorney's fees, court costs, related collection costs and accrued interest on unpaid amounts due from time to time under the Operating Agreement, and the timely and proper payment by Operator to independent contractors and other persons entitled thereto performing work for the Joint Account of all sums advanced from time to time by the Non-Operators pursuant to the terms of the Operating Agreement, the Parties have agreed and do hereby agree as follows:

5.1 The Operator shall conduct and direct and have full control of all operations on the Lands and Leases, as permitted and required by, and within the limits of the Operating Agreement.

5.2 The liability of the Parties under the Operating Agreement and this Memorandum shall be several, not joint or collective. Each Party shall be responsible only for its obligations and shall be liable only for its proportionate share of costs under the Operating Agreement and this Memorandum.

5.3 Each Party grants to each of the other Party(ies) a first mortgage and lien upon all its right, title and interest in the Lands and Lease(s), and a pledge and security interest in its share of oil and gas when extracted and its interest in all equipment and property, including fixtures, whether movable or immovable, corporeal or incorporeal located upon and/or used or useful in the production of oil and gas from such Lands and Lease(s) (all such property/ being more fully described in Paragraph 6.0). To the extent that a Party has a security interest under the Uniform Commercial Code, such Party shall be entitled to exercise the rights and remedies of a secured party under the Operating Agreement and this Memorandum under the Code. The bringing of a suit and the obtaining of judgment by any Party for the secured indebtedness shall not be deemed an election of remedies or otherwise affect the rights or security interest for the payment thereof. To the extent applicable state law requires liquidation of the same for the mortgage to be enforceable, the maximum amount of the obligation to be secured from time to time by each such lien and mortgage shall be twenty five million dollars ($25,000,000); otherwise the maximum amount of the obligation to be so secured shall be unlimited. Notwithstanding the foregoing maximum amount of twenty five million dollars ($25,000,000), the liability of each Party as under the Operating Agreement and this Memorandum and the mortgage, lien, and security interest granted hereby shall be limited to (and Operator shall not be entitled to enforce the same against each Party for an amount exceeding) the actual obligations and indebtedness (including all interest charges, costs, attorney's fees, and other charges provided for in the Operating Agreement or in this Memorandum) outstanding and unpaid and that are attributable to or charged against the interest of such Party pursuant to the Offshore Operating Agreement.

5.4 If any Party fails to pay its share of costs under the Operating Agreement when due, Operator may require other Parties to pay their proportionate part of the unpaid share, whereupon each such Party shall be secured by the mortgage and lien, pledge and security interest stated herein and such paying party shall be subrogated to the security rights of Operator against the non-paying Party arising under the Operating Agreement and this Memorandum.

6.0 Each Party, as debtor and mortgagor, grants to each of the other Parties, as secured party and mortgagee, a first mortgage and lien, pledge and security interest in and to the following collateral, to the extent such collateral is susceptible of mortgage, pledge and security interest, whether now owned or existing or hereafter acquired:

(B) All equipment and appurtenances, including fixtures, whether movable or immovable, corporeal or incorporeal located upon and/or used or useful in the production of oil and gas from the Lands and Lease(s), including things constituting "Facilities," "Pipelines," "Flowlines," "Wells" and "Platforms" that are owned by the Parties under the Operating Agreement.

(C) Oil and gas (including condensate and liquefiable substances entrained in the gas stream) in and under the Lands and Lease(s) which may be extracted therefrom.

(F) All rights under any gas balancing agreement, general intangibles, contract rights (including farmout rights, option farmout rights, acreage and or cash contributions, conversion rights, contracts for drilling and contract for the fabrication of items listed in Subparagraphs (A) and (B) above) to the extent such rights and intangibles relate to the Lands and Lease(s).

(G) All interests in any limited partnership, association, joint venture, or other entity or enterprise that holds, owns, or controls any interest in the Lands and Lease(s) or in any other collateral encumbered by this Memorandum.

(H) All the proceeds and products of the items described in the foregoing Subparagraphs, and all substitutions therefore, replacements thereof, or accessions thereto.

6.2 Collateral Subject to Mortgages and Liens

(A) The Lands and Lease(s), including all oil and gas thereunder which may be produced therefrom.

(B) All equipment and appurtenances, including fixtures, whether movable or immovable, corporeal or incorporeal located upon and/or used or useful in the production of oil and gas from such Lands and Lease(s), including things constituting "Facilities," "Pipelines," "Flowlines," "Wells" and "Platforms" that are owned by the Parties under the Operating Agreement.

All Parties who are signatories to the Operating Agreement as of the date this Memorandum is executed are identified on Attachment I.

8.0 On default of any covenant or condition of the Operating Agreement, and after notice and opportunity to cure has been given and the defaulting Party has failed to cure such default pursuant to the Operating Agreement, in addition to any other remedy afforded by law, each Party and any successor to such Party by assignment, operation of law, or otherwise, shall have, and is hereby given and vested with, the power and authority to take possession of and sell any interest which the defaulting Party has in personal property collateral described in Paragraphs 6.1 and 6.2 and to foreclose the lien, mortgage, pledge, and security interest in the manner provided by law. For purposes of executory process, each Party acknowledges the obligations and indebtedness of such Party to the other Parties, as set forth in paragraph 5.3 hereof, confesses judgment in favor of the other Parties for the full amount of the obligations and indebtedness of such Party to the other Parties, as set forth in paragraph 5.3 hereof, and agrees to enforcement by executory process. Each Party waives (a) the benefit of appraisal provided in Articles 2332, 2336, 2723 and 2724 of the Louisiana Code of Civil Procedure and (b) the demand and three (3) days delay provided by Article 2721 of the Louisiana Code of Civil Procedure.

9.0 Upon expiration of the Operating Agreement and the satisfaction of all debts thereunder, within thirty (30) days after receiving a written request from any Party, the Operator shall file of record with respect to the Operating Agreement and this Memorandum a release and termination on behalf of all Parties. Absent such request, Operator shall not be required to file such release or termination if the security rights hereunder have lapsed or will lapse, by operation of law, as a consequence of a continuation statement and/or reinscription notice not being filed. If such release and termination is filed, all benefits and obligations under this Memorandum shall terminate as to all Parties with respect to the expiring Operating Agreement. Operator or any other Party shall have the right to file a continuation statement and/or reinscription notice on behalf of all Parties.

10.0 It is understood and agreed by the Parties hereto that if any part, term, or provision of this Memorandum is by the courts held to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the Parties shall be construed and enforced as if the Memorandum did not contain the particular part, term or provision held to be invalid.

11.0 This Memorandum shall be binding upon and shall inure to the benefit of the Parties hereto and to their respective legal representatives, successors, and permitted assigns. The failure of one or more persons owning an interest in the Lands and Lease(s) to execute this Memorandum shall not in any manner affect the validity of the Memorandum as to those persons who have executed this Memorandum.

12.0 A person or entity having a working interest in the Lands and Lease(s) may ratify this Memorandum by execution and delivery of an instrument of ratification, adopting and

entering into this Memorandum, and such ratification shall have the same effect as if the ratifying person or entity had executed this Memorandum or a counterpart thereof. By execution or ratification of this Memorandum, such Party hereby consents to its ratification and adoption by any person or entity who may have or may acquire any interest in the Leases, subject to Article 24 of the Operating Agreement.
