Attn: Mr. Ashu Vashisht

Dear Mr. Vashisht:

Your letter dated November 4, 2025, requesting termination and cancellation of the period of liability of Outer Continental Shelf (OCS) Pipeline Right-of-Way Grant Bond No. B003336, in the amount of \$300,000, was received by our office on November 13, 2025. This bond, conditioned to cover the principal's pipeline operations in the Gulf of America, was executed on May 5, 2007, with MC Offshore Petroleum, LLC as principal and U.S. Specialty Insurance Company as surety.

The Bureau of Ocean Energy Management has no objection to termination of Bond No. B003336. The period of liability is considered to have terminated effective November 19, 2025, the date of final concurrence with the termination, except as to any liability which may have accrued prior to that date.

Notwithstanding the fact that the period of liability under the above-described bond has terminated, the bond cannot be cancelled until seven years after the termination of the lease, six years after completion of all bonded obligations, or at the conclusion of any appeals or litigation related to your bonded obligations, whichever is the latest. When these requirements have been met you may submit a written cancellation request.

Please note that during the aforementioned period, to cover actual or potential outstanding obligations associated with the herein identified lease, you may provide acceptable security, pledged collateral or another corporate surety bond to the Bureau of Ocean Energy Management in lieu of the above-described surety.

If you require further assistance, please contact Kathleen Lee at (504) 736-5774 or boemgulffinancialassistance@boem.gov.

Sincerely,

BERNADETTE THOMAS
