Dear Mr. Rougeau:

By letter dated July 22, 2020, Sanare Energy Partners, LLC (Sanare) requests a Suspension of Production (SOP) for Lease OCS-G 21534 (the Lease), West Cameron Block 57. The Lease was held by an SOP through July 31, 2020.

Production from the Lease ceased on May 27, 2019, when Well No. 3 loaded up with fluids. By letter dated June 19, 2020, BSEE approved an SOP to allow Sanare time to receive Application for Permit to Modify (APM) approval and perform a zone change. However, additional permitting is necessary prior to completing the proposed zones. Following BSEE approval to downhole commingle the proposed zones, Sanare will mobilize a liftboat, recompletion crew, and equipment to perform the downhole operations and restore production to the Lease.

An SOP for Lease OCS-G 21534 is hereby approved, pursuant to 30 CFR 250.174(a), from August 1 through October 31, 2020. Sanare, or any subsequent operator, must notify this office in writing when production resumes from this lease. If you have any questions regarding this matter, contact Mr. Wayne Everson at (504) 736-2606 or wayne.everson@bsee.gov.
