Dear Ms. Deady:

By letter dated December 13, 2024, with additional information submitted through April 1, 2025, Arena Offshore, LP (Arena) requests a Suspension of Production (SOP) for Lease OCS-G 1106 (the Lease), West Delta (WD) Block 133. The Lease was held by prior production through January 3, 2025.

Production from the Lease was shut in on January 3, 2024, due to a disruption of flow in Pipeline Segment Number 15823. An initial pigging operation to clear the disruption was unsuccessful, and Arena, Renaissance Offshore, LLC, and Crescent Midstream are working to mobilize equipment to get the pipeline back in service. After successful remediation of the pipeline obstruction, Arena will restore production from the Lease by June 2025.

An SOP for Lease OCS-G 1106 is hereby approved, pursuant to 30 CFR 250.174(a), from January 4 through June 30, 2025. Arena, or any subsequent operator, is expected to follow the enclosed activity schedule and must notify this office in writing (progress report) by the end of each month that a deadline is scheduled. If you have any questions regarding this matter, contact Mr. Patrick Roberts at (504) 736-2476 or [patrick.roberts@bsee.gov](mailto:patrick.roberts@bsee.gov).

Sincerely,
