Ms. Sheila Watson
Array Petroleum, LLC
4514 Cole Avenue, 11th Floor
Dallas, Texas 75205

Dear Ms. Watson:

By letter dated December 23, 2025, and additional information submitted through March 10, 2026, Array Petroleum, LLC (Array) requests a Suspension of Production (SOP) for Lease OCS-G 1228 (the Lease), Ship Shoal (SS) Block 208. The Lease was held by prior production through December 27, 2025.

Production from the Lease ceased on December 27, 2024, when the SS 208 Field was shut in following the loss of the gas compression service vendor. Array is currently overhauling and modifying a replacement compressor for the field. While the compressor is undergoing modification, Array will repair the living quarters on SS 209 Platform A, hydrotest field pipelines, and complete corrosion repairs on SS 209 Platform B. After the completion of repairs and installation of the new compressor, Array will restore production from the Lease by the end of December 2026.

An SOP for Lease OCS-G 1228 is hereby approved, pursuant to 30 CFR 250.174(a), from December 28, 2025, through December 31, 2026. Array, or any subsequent operator, is expected to follow the enclosed activity schedule and must notify this office in writing (progress report) by the end of each month that a deadline is scheduled. If you have any questions regarding this matter, contact Mr. Sean Watts at (504) 736-7615 or Christopher.Watts@bsee.gov.

Sincerely,

DANIEL
