OCS Study, MMS 86-0062**

"Outer Continental Shelf Environmental Assessment Program Final Reports of Principal Investigators" ("OCSEAP Final Reports") continues the series entitled "Environmental Assessment of the Alaskan Continental Shelf Final Reports of Principal Investigators."

It is suggested that sections of this publication be cited as follows:

Eppley, Z. A., G. L. Hunt, Jr., and N. Butowski. 1982. Pelagic distribution of marine birds of the north Aleutian shelf and analysis of encounter probability. U.S. Dep. Commer., NOAA, OCSEAP Final Rep. 45(1986):1-120

Baird, P. A. and P. J. Gould (eds.). 1983. The breeding biology and feeding ecology of marine birds in the Gulf of Alaska. U.S. Dep. Commer., NOAA, OCSEAP Final Rep. 45(1986):121-504

Individual sections of the above report may be cited using the following format:

Hatch, S. A. 1983. Northern Fulmar (Fulmaris glacialis). In Baird, P. A. and P. J. Gould (eds.). 1983. The breeding biology and feeding ecology of marine birds in the Gulf of Alaska. U.S. Dep. Commer., NOAA, OCSEAP Final Rep. 45 (1986):143-170

Krawnsnow, L. D. and G. A. Sanger. 1982. Feeding ecology of marine birds in the nearshore waters of Kodiak Island. U.S. Dep. Commer., NOAA, OCSEAP Final Rep. 45(1986):505-630

Sanger, G. A. 1983. Diets and food web relationships of seabirds in the Gulf of Alaska and adjacent marine regions. U.S. Dep. Commer., NOAA, OCSEAP Final Rep. 45(1986):631-771

OCSEAP Final Reports are published by the U.S. Department of Commerce, National Oceanic and Atmospheric Administration, National Ocean Service, Office of Oceanography and Marine Assessment, Ocean Assessments Division, Alaska Office, Anchorage, and primarily funded by the Minerals Management Service, U.S. Department of the Interior, through interagency agreement.

Requests for receipt of OCSEAP Final Reports on a continuing basis should be addressed to:

The facts, conclusions, and issues appearing in these reports are based on research results of the Outer Continental Shelf Environmental Assessment Program (OCSEAP), which is managed by the National Oceanic and Atmospheric Administration, U.S. Department of Commerce, and funded (wholly or in part) by the Minerals Management Service, U.S. Department of the Interior, through an Interagency Agreement.

Mention of a commercial company or product does not constitute endorsement by the National Oceanic and Atmospheric Administration. Use for publicity or advertising purposes of information from this publication concerning proprietary products or the tests of such products is not authorized.

Content of these reports has not been altered from that submitted by the Principal Investigators. In some instances, minor grammatical, spelling, and punctuation errors have been corrected to improve readability; some figures, charts, and tables have been enhanced to improve clarity in reproduction.
