

# Outer Continental Shelf Environmental Assessment Program

**Final Reports of Principal Investigators**

**Volume 57**

**September 1988**

**U.S. DEPARTMENT OF COMMERCE**  
**National Oceanic and Atmospheric Administration**  
**National Ocean Service**  
**Office of Oceanography and Marine Assessment**  
**Ocean Assessments Division**  
**Alaska Office**

**U.S. DEPARTMENT OF THE INTERIOR**  
**Minerals Management Service**  
**OCS Study, MMS 88-0069**

"Outer Continental Shelf Environmental Assessment Program Final Reports of Principal Investigators" ("OCSEAP Final Reports") continues the series entitled "Environmental Assessment of the Alaskan Continental Shelf Final Reports of Principal Investigators.[1

It is suggested that this publication be cited as follows:

RJ-646 Hachmeister, L.E., and J.B. Vinelli. 1985. Nearshore and coastal circulation in the northeastern Chukchi Sea. U.S. Dep. Commer., NOAA, OCSEAP Final Rep. 57(1988):1-104.

RJ-700 Woodward-Clyde Consultants. 1988. Nutrient data in the Beaufort Sea. U.S. Dep. Commer., NOAA, OCSEAP Final Rep. 57(1988):105-254.

RJ-091 Aagaard, K. 1984. Current, CTD, and pressure measurements in possible dispersal regions of the Chukchi Sea. U.S. Dep. Commer., NOAA, OCSEAP Final Rep. 57(1988):255-333.

RJ-670 EG&G Washington Analytical Services Center, Inc. 1987. Yukon Delta processes: physical oceanography. U.S. Dep. Commer, NOAA, OCSEAP Final Rep. 57(1988):335-661.

OCSEAP Final Reports are published by the U.S. Department of Commerce, National Oceanic and Atmospheric Administration, National Ocean Service, Office of Oceanography and Marine Assessment, Ocean Assessments Division, Alaska Office, Anchorage, and primarily funded by the Minerals Management Service, U.S. Department of the Interior, through interagency agreement.

Requests for receipt of OCSEAP Final Reports on a continuing basis should be addressed to:

The facts, conclusions, and issues appearing in these reports are based on research results of the Outer Continental Shelf Environmental Assessment Program (OCSEAP), which is managed by the National Oceanic and Atmospheric Administration, U.S. Department of Commerce, and funded (wholly or in part) by the Minerals Management Service, U.S. Department of the Interior, through an Inter-agency Agreement.

Mention of a commercial company or product does not constitute endorsement by the National Oceanic and Atmospheric Administration. Use for publicity or advertising purposes of information from this publication concerning proprietary products or the tests of such products is not authorized.

Content of these reports has not been altered from that submitted by the Principal Investigators. In some instances, minor grammatical, spelling, and punctuation errors have been corrected to improve readability; some figures, charts, and tables have been enhanced to improve clarity in reproduction.
